

FROM EUROPE BY THE CABLES.

THE PENIANS.

STEPHEN J. MEANY'S SENTENCE AND PROTEST—HIS REFUSAL OF THE "HASE OVERTURES" OF THE BRITISH GOVERNMENT.

DUBLIN, June 21.—Stephen Joseph Meany, who was lately tried for Penian treason by the Special Commission, was brought into Court before the Judges this morning, and sentenced to fifteen years' imprisonment in a penal convict prison.

Before the passing of the sentence Mr. Meany delivered a speech to the court, in which he protested, as an American citizen, against the prosecution as carried on by the Crown. He claimed the protection of the United States Government. Mr. Meany denied that he had ever been paid for revolutionary or other services by the Penians in America. He indignantly scouted the "base overtures" made to him in his difficulty by the British Government, the officers of which had asked him to give evidence for the Queen against the members of the Fenian party just arrested at Dunbar, in the county of Waterford.

The Government also offered him, he said, his liberty in six months, provided he pleaded guilty to the charges of the indictment, which he, as a man and an American citizen, could not do, knowing that he had not committed a crime.

THE ENGLISH RIOTS.

THE LULL CONTINUED IN BIRMINGHAM—ARMED FORCE IN THE STREETS—A RESERVATION OF THE DISTURBANCES PROBABLE.

BIRMINGHAM, June 21.—The lull which succeeded the riot of last Tuesday in this city continues. The city police are still armed with cut-throats, which they wear on every occasion on duty. Five hundred special constables had been sworn in, but of these two hundred men had been discharged. Marbury, the anti-Popery lecturer, as he is termed, lectures every night in some one of the halls or public rooms of the town. The disturbances may break out again.

THE PHILADELPHIA CARPET-CLEANING HOUSE.

I would respectfully invite your attention to the PHILADELPHIA CARPET CLEANING HOUSE, located at TWENTY-FIRST AND RACE STREETS. This is a new building, one story high, 50 feet front by 110 feet deep, just finished, and furnished with Steam Engine and Machinery for the express purpose of washing and sweeping the dust and moths from Carpets. The fact that the good people of Philadelphia were much in want of a suitable building and machinery, where they could have their Carpets thoroughly cleaned from dust and moths with safety, within doors, has prompted the subscriber to embark in this enterprise. The machinery is of his own invention, and to bring it to its present state of perfection has cost much toil and thousands of dollars. It has been fully tested, and pronounced by competent judges to be far superior to any other now in use. It can do no harm whatever to the Carpets. The building having been put up expressly for this business, and having advantage of the lower floor, gives to it facilities to do a large amount of work, some thousands of yards per day, and it is far more capacious and complete in its arrangements than any other in the country. Should you feel disposed to encourage this enterprise, and honor the establishment with your order, it will meet with prompt and polite attention. Your Carpets will be sent for, cleaned, and returned the same day. You are respectfully and cordially invited to visit this novel establishment, and see and judge for yourself of its worth and working arrangements. This you can readily do, as the Arch street cars pass the door, and the Race and Vine street cars come within a stone's throw. Then you can return down Arch or down Race street. Address THE PHILADELPHIA CARPET CLEANING HOUSE, TWENTY-FIRST AND RACE STREETS. Any desired information will be given, and orders received at MITCHELL'S SALOON, No. 523 CHESTNUT STREET. Respectfully, G. P. MITCHELL.

CAPE MAY, CAPE ISLAND, NEW JERSEY.

Since the close of 1866 much enterprise has been displayed at this celebrated sea-shore resort. New and magnificent cottages have been erected; the Hotels have been remodelled; a fine park, with a well of the essentials of a popular summer resort, a spirit of improvement is largely manifested. Added to these attractions is the fact that Cape May is in itself a popular feature, when properly understood. Situated at the extreme southern portion of the state, an occupying a neck of land as the confluence of the Delaware Bay with the Atlantic Ocean, it becomes entirely surrounded by salt water, hence favored by continual breezes from the sea. The bluff furnishes a beautiful view of the Ocean Delaware Bay, and picturesque back country, taking a walk from the Hotel to the Boarding-house, a distance of one mile, is a most interesting and instructive excursion. The beach is acknowledged to surpass any other point upon the Atlantic coast, and is the most compact and, which declines so gently to the sea that even a child can bathe with security. Added to these attractions is the fact that the effect of the Gulf Stream upon this point renders the water comparatively warm—a point not to be overlooked by persons seeking health from ocean bathing. The distance from Philadelphia to Cape May is 81 miles by rail, and about 110 miles by steamer down the Bay, and by either route the facilities for travel promise to be of the most satisfactory character. The Island Bay Hotel and Boarding-house, in the immediate vicinity of the beach, on the most commodious for about ten thousand persons. The leading Hotels are the Columbia Hotel, with George J. Bolton as proprietor; Congress Hall, with J. F. Calk as proprietor; and United States, with West and Miller as proprietors. All under the management of gentlemen who have well-established reputations as hotel men.
